Report of School Nurse.

Mr. E. P. Freese, Supt. of Schools,
Bristol, N. H.

Dear Sir:

I herewith present my annual report as school nurse for the town of Grafton, N. H.

Number of pupils examined—108.

Number of pupils 10 per cent. underweight—20.

4 pupils showed defective vision, uncorrected.

3 pupils had defective hearing.

1 pupil had symptoms of cardiac trouble.

1 pupil deformed.

29 pupils had defective teeth.

9 pupils showed diseased tonsils.

1 pupil had defective breathing.

1 pupil probably has adenoids.

4 pupils showed enlarged glands.

4 pupils had defective speech.

Grafton received $43.09 from the Child Health Recovery fund.

Four children had tonsillectomies, four had obstructions removed from their ears at the Hitchcock Clinic at Hanover. One child had glasses fitted with this money.

Seventeen children received 1-2 pint of milk daily during the winter months. Cod liver oil was given to all underweight and underprivileged children also during the winter months.

Hot lunches were served in one school to thirty-one children from money earned by the children from a party.

Hot soup or cocoa was furnished at another school by the Grafton Red Cross.

A Grafton girl attending Bristol High school had her dentistry paid by the Grafton Red Cross.

A case of cod liver oil was purchased by the Red Cross for use in the school.

Arrangements are being made to have three children have tonsillectomies done at Hanover hospital later in June.

Eighty-seven visits have been made in the schools.

Several calls have been made with members of the Red Cross Committee and with members of the School Board.

Reports of the children's growth have been sent home.

The class room inspections have been frequent. They were made for the control of pediculosis and skin diseases and to prevent other contagion.

Five children were transported to Canaan to attend the underweight clinic held there in May.

One child was taken to a diagnostic clinic at Laconia Hospital for further observation.

Twenty-nine visits have been made in twenty-one different families including thirty-nine children.

I wish to express my appreciation to the members of the School Board, Mr. Freese, and the local Red Cross Committee who have contributed so generously to the needs of the school children. My thanks are also due to the parents and teachers for their daily cooperation in making possible the health program.

Respectfully submitted,

EVA M. NELSON, R. N.
